

Join us for Hands-On Training in Documentation Production using BIM Module 1 - Planning Submission for Small and Medium

BIM is not just about developing 3D models. Sign-up to learn how to publish a BIM model to 2D format for printing using various set ups for planning submissions to construction and beyond.

Learn the process and procedures to set your BIM for office coordination and documentation to unlock the true potential of BIM.

Pre-requisite : Participants must have relevant technical knowledge and basics using 3D applications (AutoCAD, Sketchup etc)

REGISTER NOW :

Limited seats available for 20 participants ONLY!
LAM CPD POINTS HAVE BEEN APPLIED

*Registration is on first-come-first serve basis
*Participants need to bring their own laptop with pre-installed BIM software.
Contact PAM Secretariat for further details
