RISING TALENTS

ARCHITECTS WERE ACKNOWLEDGED FOR THEIR WORKS IN THE ASIAN BUILT ENVIRONMENT THROUGH THE ARCASIA AWARDS.

One of the professions that have endured through cycles of development and transformation is architecture. Rejuvenation is this year's theme for the 16th Asian Congress of Architects (ACA16). In conjunction with ACA16, Architects Regional Council of Asia (ARCASIA) has instituted ARCASIA Awards for Architecture (AAA) to acknowledge and encourage architectural works done in Asia. The awards held at Intercontinental Hotel Kuala Lumpur hosted by Malaysian Institute of Architects (PAM) saw the attendance of architects and international guests from over 20 neighbouring countries who were all dressed to the nines. Entertained with music and appetising food, the winners were announced and presented with honourable prizes that night.
